

PURPOSE

The procedures and other provisions set forth in the “Student-Parent Handbook” are not to be considered exclusive of any other remedy or disciplinary authority the Board of Education may exercise pursuant to the provisions of the Illinois School Code.

The primary function of the Student-Parent Handbook is to inform and direct students in regard to the everyday efficient and safe operations of the school district. Scheduled dates of activities and athletic events may be changed due to weather, scheduling conflicts, or any other unforeseen event.

This handbook is not a contract with the student but rather it is a document that reflects the current policies and guidelines as well as general information for the benefit of the students. It is subject to change at the direction of the Board of Education.

The Board of Education authorizes its administrative staff to make those interpretations, clarifications, and modifications of student guidelines/rules that are necessary to carry out the effective functioning of the school district and to continue to enhance a safe learning environment.

SCHOOL-PARENT-STUDENT COMPACT:

Bradley-Bourbonnais Community High School and the parents/guardians of the students participating in activities, services, and programs funded by Title I, Part A of Section 8302 the Every Student Succeeds Act (ESEA), agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards. In the signing of the handbook, you are agreeing to the compact below. This school-parent compact is in effect during the current school year.

Bradley-Bourbonnais Community High School will: Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating children to meet the State's student academic achievement standards as follows: *The district has written Illinois Learning Standards aligned curriculum for core areas (Math, English Language Arts, Science, and Social Science). Student assessments measure the student achievement of those standards. The district has committed to a curricular writing and revision process where curriculum is aligned to state and national standards for all departments. Curricula are revised on a four-year cycle. Students not meeting benchmarks on local and nationally normed assessments will be placed in interventions in order to support student learning.*

Tier One (All Students) - Teachers will differentiate instruction within the core curriculum to address all students' educational needs. For more specific information regarding Tier One differentiation, please contact your student's teacher. The district will also provide content area study halls in English, math, science, and social science to provide all students support when needed. Students may go to these specialized study halls during the section opposite their lunch. This is available and encouraged for all students needing some extra support.

Tier Two (Students performing below grade level benchmark) - Based on progress data, students who are either unsuccessful in Tier One or anticipated to need support (based upon testing data) will be provided supplemental research-based interventions matched to their needs. The Multi-Tiered Systems of Support (MTSS) team, an instructional support team, will track the student's progress, and parents will receive ongoing progress data. This support will be provided in math and English Language Arts and will not only fill gaps in subject knowledge but will support student success on Tier One instructional outcomes.

Math	English Language Arts
MASH (Algebra I Assisted Study Hall)	ELASH I (English Language Arts Study Hall 9th Reading I)
GASH (Geometry Assisted Study Hall)	ELASH II (English Language Arts Study Hall 10th Reading II)
A2SH(Algebra II Assisted Study Hall)	ELASH III (English Language Arts Study Hall 11th Reading III)

Tier Three (Students performing considerably below grade level benchmark)-Students who are not reaching grade level benchmarks on assessments will receive more intensive interventions at this level. Parents will receive ongoing progress data. These hour-long interventions are intended for 9th graders and are aimed at closing gaps in foundational learning in English Language Arts and math. Students taking these courses will also take Algebra I and/or English I. After Tier Three implementation, students who continue to display limited progress may then be considered for further evaluation and services.

Math	English Language Arts	Social Emotional Learning
Foundation of Math	Foundation of English Language Arts	REACH

Other interventions include:

Writing Center/Math Lab	Boiler Block
Students may go to the Writing Center or Math Lab during their scheduled study hall. Students may seek assistance for any related coursework (e.g. writing support for Social Science or Math support for Science)	A time during the day when students may sign up to receive help from their teacher.

Data used to identify students for interventions include: STAR 360 scores (given to 9-11th grade), data from feeder districts academic grades, teacher input, and other universal screeners deemed appropriate. Students performing below benchmark in English Language Arts and/or Math will be placed in Tier Two or Tier Three interventions.

BBCHS will hold parent-teacher conferences during which this compact will be discussed as it relates to the individual child’s achievement.

BBCHS will provide parents with frequent reports on their student’s progress. Specifically, the school will provide reports in a timely manner according to district progress reporting calendar.

BBCHS will provide parents/guardians reasonable access to staff.

Parent contact can be made via email or phone. All contact numbers for teachers are communicated via teacher syllabus and are available on the BBCHS website. Parents should

make sure that all contact information is up to date within the school information system. To change contact information, please contact the counseling office.

Parents can request a conference with the teacher and/or counselor at any time the parent feels it is necessary to conference about the student's achievement.

BBCHS will provide parents opportunities to volunteer and participate in their student's class and to observe classroom activities.

RIGHTS & RESPONSIBILITIES

"The Responsibilities of Students" (taken from Students & Schools Rights & Responsibilities, Illinois Office of Education). Students, as citizens of the United States, are guaranteed certain individual rights and have corresponding individual responsibilities. The concept of balancing the rights of the individual with the rights of society is as valid in the educational community as in the larger community. There are certain special responsibilities required of a citizen who is a student in school:

1. To become informed of and adhere to reasonable rules and regulations established by local boards of education and implemented by school administrators and teachers.
2. To respect the rights and individuality of other students and school administrators and teachers.
3. To refrain from libel, slanderous remarks, and unnecessary obscenity in verbal and written expression.
4. To dress and groom in a manner that meets reasonable standards of health, cleanliness and safety.
5. To be punctual and present in the regular or assigned school program to the best of one's ability.
6. To refrain from gross disobedience, misconduct, or behavior that materially and substantially disrupts the educational process.
7. To maintain the best possible level of academic achievement.

DISCIPLINE & ATTENDANCE

THREAT ASSESSMENT PROTOCOL

This implementation manual is a guide to help facilitate the process to determine what a student says, writes, posts, or communicates is a legitimate threat to the safety and security of themselves or others. While the majority of incidents reported in the media are school shootings, other acts of violence take place daily in our schools across the country. While this system will in no way predict whether or not a student will engage in violent behavior, it will serve as a tremendous resource to help analyze information for teams to make the best decisions for your students.

The Safe School Initiative was an attempt to identify information or knowledge that could be obtained prior to an attack. The study was pursued under a partnership between the United States Secret Service and the Department of Education. They focused on targeted school violence incidents that occurred between 1974- 2000. In 2002, the joint partnership completed a final report and recommendations from the Safe School Initiative.

The question in the interviews are part of the Salem Keizer threat assessment system. The Salem-Keizer System was developed following the research that the U.S. Secret Service and Department of Education developed conducted and they have named it a best practice. It is a comprehensive, four-pronged approach looking at personality factors, social dynamics, family dynamics and school climate. The inquiry involves multiple sources through an interview process. The collaborative team approach will determine the level of threat and need for additional investigation, intervention, and/or supports.

Utilizing the resources in this manual will help school districts and schools:

- Determine what a student does is a legitimate threat to the safety and security of themselves or others,
- Document the threat assessment process in a uniform manner,
- Provide a guide to support your students before and after the situation,
- Communicate to your stakeholders how you handle the situation, and
- Provide consistency in the process providing greater levels of confidence and legal defensibility.

Whether a student communicates a direct, indirect, veiled, or conditional threat your team will be prepared to handle the situation with confidence and fidelity. Your Level 1 team embodies an important responsibility in the:

- Assessment the risk of the student of concern,
- Identification of a potential student of concern - Directly hear threat, social media, bullying,
- Management of the situation - both student and given target, and
- Providing appropriate support and interventions

The Level 1 Threat Assessment Team will include 2 trained staff members from our Student Services team. Students, parents, and staff members will be interviewed and the validity of the threat will be determined. Potential outcomes could include: Social-emotional support, school discipline, alternative placement, or expulsion. The school resource officer will be utilized for all threats that could be criminal.

ATTENDANCE

BBCHS believes that students must be present in school in order to learn both the content and other academic components taught.

- Regular attendance is required by the State of Illinois Compulsory Attendance Law. A student must have good attendance in order to maintain good grades. To prevent abuse of attendance regulations, the Board of Education of Bradley-Bourbonnais Community High School has adopted the following policies:
 - Any student who has been absent for more than 4 days in any one semester will be considered excessive and asked to present documentation to verify each absence thereafter. This will be at the discretion of the Student Support Office. The Student Support Office reserves the right to refuse attendance on a field trip for excessive absence or discipline. **Social Probation will be considered for absences and applied throughout the year.**
 - Our Strategic Plan and specifically Redefining Ready uses student attendance as part of the criteria to define college and career readiness. A student must be

present for 85% or more of the class period within the semester in order to earn credit for the course.

- Students who have missed 10 consecutive days unverified will be dropped for non-attendance.

EXCUSED (Doesn't count toward 15%)	UNEXCUSED (Counts toward 15%)
Sick with doctor's note	Sick without a doctor's note
Court with documentation	Vacation
College visit with documentation	Skip/Truant
Hospitalization/Homebound	Parent call
School sponsored activity	

REPORTING ABSENCES

On the day of a student absence, the parent/guardian is required to call the Attendance Clerk (937-3707 Ext. 6021) in the morning. Voicemail is always available to accept calls. Students who are ill 3 or more consecutive days are encouraged to call the Student Support Office (937.3707 ext **6040**) and request assignments.

PRE-ARRANGED ABSENCES

Pre-arranged absences must be communicated by a parent phone call to the Attendance Clerk. Students with pre-arranged absences are expected to have all assignments completed upon returning to school unless other arrangements are made with the teachers.

HOMEBOUND/HOSPITAL STUDENT RESTRICTIONS

Students who are hospitalized or receiving homebound instruction due to medical reasons are restricted from participation in any extracurricular activities without prior administrative approval.

KANKAKEE COUNTY ATTENDANCE ASSISTANCE PROGRAM

The purpose of the Attendance Assistance Program is to help potential and chronic truants and behaviorally "at risk" students to overcome roadblocks to regular school attendance. If a student accumulates several absences, that student may be referred to the Attendance Assistance Program. The goal of the program is to improve student achievement through improved attendance.

SKIPPING

Any absence from an assigned area without school permission for two hours or less will be considered as skipping. Consequences of skipping per school year are:

Incident	1	Detention
	2	2 Detentions and Social Probation for the remainder of the semester
	3	Saturday Detention
	4	Saturday Detention
	5+	1 day of LAC

CUTTING

Any absence from an assigned area without school permission greater than two hours in one school day will be considered as cutting. Consequences of cutting per school year are:

Incident	1	2 Detentions
	2	Saturday Detention and Social Probation for the remainder of the semester
	3	Saturday Detention
	4+	1 day of LAC

LEAVING THE BUILDING WHILE SCHOOL IS IN SESSION

If it becomes necessary for a student to leave the building during the school day, a parent or guardian must call the Attendance Clerk prior to the scheduled time of leaving. A pass to leave the building will be written only after a parent has given permission for the student to leave. Students will only be allowed to leave the building through the front Main Entrance. Any student leaving the building without a pass or permission from school officials will be considered truant and disciplined accordingly.

MAKE-UP POLICY

If the student is absent, he/she will be given an opportunity to make up the work. Arrangements for make-up work should be made immediately upon the student's return to class. Make-up work is the student's responsibility. Formative and summative assessments shall be made up in a timely manner.

CAREER CENTER ATTENDANCE

Students assigned to the Career Center are expected to follow the same regulations set forth in the previous paragraphs. The Career Center reports absences to Bradley-Bourbonnais Community High School daily. Students will be held responsible for the work they have missed. **Students are prohibited from driving to Career Center without prior approval from their Assistant Principal. Violations will be subject to Saturday Detention.**

TARDINESS TO SCHOOL

Any student who arrives at school after the beginning of his first scheduled class is tardy to school. Tardiness to school will count as a tardy to the first scheduled class. Oversleeping, car trouble and similar reasons will count as tardiness to school. **If a student is over 25 minutes late to school they will be marked absent. The student will need to report to the Dean in the Student Support Office prior to receiving a pass to class.**

TARDINESS TO CLASS (CUMULATIVE FOR ALL CLASSES)

Students do not have a right to be tardy to class. It is their responsibility to be in their scheduled class on time. **A student is considered tardy any time he or she is not inside the classroom up to 5 minutes after the bell rings. Anything after 5 minutes will be considered skipping.**

The following procedure is followed for cumulative tardies per 9 weeks:

Tardies 6-10	Detention
Tardies 11-14	Communication with parent and a Detention
Tardies 15+	Communication with parent, Detention, Social Probation for the remainder of the semester

ABUSIVE LANGUAGE

At BBCHS, it is our goal to provide a healthy educational experience for our students, teachers, and staff members. The use of inappropriate or offensive language, including but not limited to language that

demeans or intimidates is not conducive to such an environment and undermines the educational experience. Students who use abusive language, racial or ethnic slurs, obscene, profane or vulgar language whether written, oral or expressed by symbols will receive disciplinary consequences.

ACADEMIC DISHONESTY

Academic dishonesty by students compromises their character and reputation, and interferes with the learning process. Any action to obtain credit for work that is not one's own is considered academic dishonesty. Such actions may include but not be limited to the following:

1. Turning in someone else's work as your own.
2. Obtaining or receiving a copy of a test or scoring device.
3. Plagiarizing (copying from another's work on the Internet and passing it off as your own)
4. Impersonating another student in order to complete work.
5. Changing grades in gradebook.
6. Allowing others to utilize one's own course work.
7. Using a translator/online assistance.

If a student is academically dishonest, the student can expect:

1. The teacher will have a conference with the student.
2. The teacher will notify parents/guardians.
3. The teacher will write a referral to the Assistant Principal.

Students violating the policy will be required to complete the work in order for the teacher to accurately assess the student's mastery. After completion of work, feedback will be provided. The grade the student earns will go into the grade book. **The student will not have the opportunity to reassess.** Engaging in academic dishonesty will result in an F in core values.

ALCOHOL, DRUGS, AND OTHER INTOXICANTS

It is the policy of the Bradley-Bourbonnais Community High School Board that all District workplaces shall be free from drugs and alcohol. All students and employees shall be prohibited from:

1. The unlawful manufacture, distribution, dispensing, possession, use or being under the influence of a controlled substance while on District premises, buses or while performing work for the District.
2. The distribution, consumption, possession of or being under the influence of alcohol while on District premises, buses or while performing work for the District.

Any student who has consumed, is under the influence, distributes, or is in possession of alcohol, drugs or other intoxicants while on school grounds, buses or at a school-sponsored events will be suspended from school for a period of up to 10 days, placed on social probation for the remainder of the school year, subject to a discipline contract, and issued a citation. During the suspension, the parents will be required to accompany the student for a conference with the principal to discuss additional consequences. At that time, the principal may decide to:

1. Require the student to appear before the Board of Education for possible expulsion, OR
2. Assign the student to the regional alternative education program, and/or
3. Place the student on a discipline contract that includes, in part, the participation in and completion of an approved substance abuse education program. Failure to complete the terms of probation will result in the student being recommended to the Board of Education for possible expulsion.

4. Parking privileges may be suspended or revoked without refund.

This section includes counterfeit or “look alike” drugs as well as any drug related paraphernalia, unapproved medicines, inhalants, and the distribution/misuse of commercially available drugs, dietary supplements, and non-prescription medication.

ASSEMBLIES

Students are to conduct themselves in a manner considered proper for high school students. Proper applause, complete attention during the entire program and remaining in the seating area until the completion of the program are expected of all students. Those students not observing these rules of common courtesy will be barred from assemblies and required to stay in LAC.

AUTHORITY OF STAFF

Students are advised that any administrator, faculty member, or School Resource Officer has the responsibility and the authority to direct the action of the students at any place or time on school property or at any school activity. Failure to abide by school personnel directives may result in discipline.

BREACHES OF DISCIPLINE

By the nature of schools and today's educational programs, school discipline extends beyond the school day's hours and beyond the school building's doors. Misconduct during school, occurring on the school campus or behavior that is directly related to school will not be tolerated. This includes but is not limited to misconduct on buses, at school sponsored activities or misconduct directed toward an elected school official, teacher, administrator or other staff member or school volunteer.

Breaches of discipline are of a varied nature; consequently, much has to be left to the judgment of the administration. When determining the actual consequence for a violation, the administration will consider the seriousness of the conduct, the student's past record of conduct, the effect of the conduct on the delivery of educational services to other students, the severity of the punishment and the interests of the student involved. While the following consequences meet the needs of the school and the student for the majority of situations, alternate arrangements may be used when deemed appropriate.

- a. Minor infractions of school rules must be reported to the Counseling Office - tardies, lack of materials, small disturbances, etc.
- b. In cases of more severe infractions of rules or when a teacher sends a student from class, the student will be referred to Student Services. Note: Students should only be sent from the class in extreme cases.
- c. Students who are sent from the class for minor offenses will be dealt with and sent back to class the same hour.
- d. If a student falls under any of these rules of discipline that would cause him or her to be expelled from school, but the student is under 17 years of age, he or she may be referred to the Attendance Assistance Program for action.

BULLYING, INTIMIDATION AND HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals. Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from

the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Complaint Manager: Mr. Tingley/Director of Student Support
Address: 700 West North Street Bradley, IL 60915
Phone: 815-937-3730 ext. 6038
Email Address: etingley@bbchs.org

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or

providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

CELL PHONE ACCEPTABLE USE POLICY

Students will be permitted to use cell phones during lunch, in the hallways during passing periods, and during non-academic study halls only. Academic study halls include but are not limited to; Math and English assisted study halls Title I Reading, and Music Department Sectionals. Students may not use their cell phones to make calls but may use it for texting and/or music. When listening to music, an ear bud must be used, but only one ear may be occupied. Furthermore, all students should exercise good judgment when using these devices. For example, music should be at a volume that is heard by the user only, and texting those not in study hall or lunch will create an issue for the recipient. Students may not use cell phones in any other area unless given permission from a school official. The use of a device for the purpose of taking pictures or videos during the school day would be in violation of this policy. Any unauthorized use outside the cafeteria, hallways, and non-academic study halls **may result in discipline**.

TECHNOLOGY USE

Access to technology is a privilege designed for educational use only and the school reserves the right to monitor the use of equipment and systems. Any and all files and contents therein are subject to review by the district. Using the technology for any illegal activity; for personal financial gain; wastefully using resources; gaining unauthorized access to resources; invading the privacy of individuals; using another user's account; and electronic communications that are obscene, defamatory, threatening, sexually oriented, or in other ways harassing are examples of misuse that may result in the loss of technology access and school disciplinary action. Based on the severity of the technology misuse, students may be disciplined up to 10 days of Out of School Suspension, Placement in an Alternative Program, and/or considered for expulsion by the Board of Education. Damaging the technological resources may be considered vandalism that would result in the student and/or parent required to compensate the district.

CORPORAL PUNISHMENT

It is the policy of Bradley-Bourbonnais Community High School to use a plan of progressive discipline that is free from corporal punishment. While the use of corporal punishment is forbidden, an employee may use reasonable force as needed to maintain safety for the other students, school personnel or persons or for the purpose of self-defense or the defense of property.

DANGEROUS ACTIONS AND WEAPONS

The Board may expel a student for up to 2 calendar years as determined on a case-by-case basis. A student who is determined to have brought a weapon to school, any school-sponsored activity or event, or any activity or event which bears a reasonable relationship to school shall be expelled for a period of not less than one year. SUSPENSION AND EXPULSION PROCEDURES

SUSPENSION

The Student Support Office is authorized to suspend students guilty of gross disobedience or misconduct from school, for a period not to exceed ten (10) school days. Students assigned an out-of-school suspension are not allowed on the school grounds or immediate vicinity during the suspension period. Suspended students are not permitted to attend any school functions or participate in any school activity during the time of suspension. Any violation may result in additional disciplinary action. A parent re-engagement meeting may be necessary when the student returns to school. Students may be required to sign a trespassing agreement which could result in charges by local law enforcement

agencies for criminal trespassing if found on school property during the suspension period.

The student and/or parent(s)/guardian are due the following procedural protections:

1. Prior to suspension, the student shall be provided oral or written notice of the charges. If the charges are denied the student shall be given an explanation of the evidence against him/her and an opportunity to present his/her version of the incident.
2. Prior notice and hearing as stated above may not be required and the student immediately suspended, when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the necessary notice and hearing shall follow as soon as practicable.
3. Any suspension shall be reported immediately to the parent(s)/guardian of the student. Such a report shall contain a full statement of the reasons for the suspension and a notice to the parent(s)/guardian of their right to review.
4. Upon request of the parent(s)/guardian, a hearing shall be conducted to review the suspension. At the hearing, the parent(s)/guardian of the student may appear and discuss the suspension with the Board's hearing officer. The hearing officer shall report to the Board a written summary of the evidence heard at the meeting. After the hearing, or upon receipt of the report of the hearing officer, the Board may take such action as it finds appropriate.

EXPULSION

The School Board is authorized to expel students guilty of gross disobedience or misconduct for the remainder of the school term or for a longer period as determined by the School Board. The student and/or parent(s)/guardian shall be due the following procedural protections:

If the charges are denied, the student shall have an opportunity for a hearing, at the time and place designated in the notice, conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed by the Board, he/she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate.
2. The Board shall provide written notice to the parent(s)/guardian of the time, place and purpose of the hearing by registered or certified mail and request the appearance of the parent(s)/guardian at the expulsion hearing.
3. During the expulsion hearing the student and the parent(s)/guardian may be represented by counsel, present witnesses and other evidence on his/her behalf and cross-examine adverse witnesses. The expulsion hearing shall be a bifurcated proceeding. First, the Board or hearing officer shall hear evidence on the issue of whether the student is guilty of the gross disobedience or misconduct as charged. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt. If the Board finds the student guilty of the gross disobedience or misconduct as charged, it shall then hear evidence on the appropriate level of discipline to be meted out. After presentation of the evidence, or receipt of the hearing officer's report, the Board shall decide whether expulsion, or some lesser form of discipline, shall be imposed upon the student.

The policy for discipline of special education students shall supersede local district suspension and expulsion policy in the event that special education becomes an issue.

DUE PROCESS APPEAL

Within 10 days of a suspension, students and parents have the right to appeal the procedural due

process of the suspension. This appeal must be submitted in writing to the district hearing officer (Special Services Office). The purpose of the hearing will be to determine if the student received procedural due process and not to appeal the suspension itself. Following the appeal, the hearing officer will notify the student/family in writing of the decision regarding the student's due process rights.

TOBACCO VIOLATION

Students are not allowed to smoke or carry cigarettes, electronic cigarettes, vapor pens, tobacco products, lighters, or matches in the building, on school grounds, or at school-sponsored events. Sending, sharing, viewing or possessing pictures, text messages, emails or other materials of a sexual nature in electronic or any other form, including the contents of a cell phone or other electronic device may lead to discipline up to expulsion. Such actions may be reported to local law enforcement and child protection services. **A school district may discipline a student without violating the First Amendment for online misconduct that occurs off-campus and on their own time if the behavior has a sufficient connection to the school community and it materially or substantially disrupts the educational environment or invades the rights of others.**

Incident 1: Warning & Parent Contact

Incident 2-4: Teacher Detention & Parent Contact

Incident 5+: Detention

- **PARENT/GUARDIAN NOTES**

A note from home explaining the reason why the student cannot participate will be honored for two days a semester. The student will still dress for the activity and give the note to the teacher when attendance is taken. Do not take the note to the nurse. If a student cannot participate for a period longer than two consecutive days the student needs a note from a doctor.

- **DOCTOR'S NOTES**

Doctor's notes must be taken to the school nurse who will issue an excuse from participation. This should be done before school. The student will still dress for the activity and give the note to the teacher when attendance is taken. If the note is for one to five days the student will assist the class (timing, officiating, recording, equipment, etc.) If the note is for six days or longer, supplemental coursework will be required in place of participation. SCHOOL BUSES

Students living more than one and one-half miles from the school are allowed to ride a school bus. Along with this service comes the responsibility to cooperate with the bus drivers. Students are to be at the point of pick-up on time because the bus cannot wait. Each student is expected to take his seat quickly and sit quietly. Students who ride second load buses in the afternoon must report to the North Cafeteria (or other designated location) within 10 minutes of the final school bell at the end of the school day. Students who are disruptive or fail to comply with supervisor instructions may not be permitted to ride the school bus. Students are not permitted to leave school grounds and come back on grounds to ride the bus. School bus riders, while in transit, are under the jurisdiction of the school bus driver unless the Board of Education designates some other adult to supervise the riders. It is recommended that all riders, parents of riders, and teachers become familiar with the following regulations governing school bus riders. School bus riders must:

1. Be on time at the designated school bus stop; help keep the bus on schedule.
2. Be careful in approaching the place where the bus stops. Do not move toward the bus until it has been brought to a complete stop.
3. Remain in your seat while the bus is in motion.
4. Remain in the bus in the event of a road emergency until instructions are given by the driver.
5. Keep hands and head inside the bus at all times. Do not throw anything out of the bus windows.
6. Remember that unnecessary confusion diverts the driver's attention and could result in a serious accident.
7. Be absolutely quiet while approaching a railroad crossing.
8. Treat bus equipment as you would valuable furniture in your home. Never tamper with the bus or any of its equipment.
9. Assist in keeping the bus safe and sanitary at all times.
10. Keep books, lunches, coats, and all other objects out of the aisles.
11. Be courteous to fellow pupils and the bus driver.
12. Do not ask the bus driver to stop at places other than the regular bus stop. The driver is not permitted to do this, except by proper authorization from a school official.
13. Observe safety precautions at discharge point. Where it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Wait for a signal from the bus driver before crossing the highway.
14. Observe the same rules and regulations on other trips under school sponsorship as are observed between home and school. Respect the wishes of the chaperone appointed by the school.
15. Remember that school rules, such as no smoking, fighting, etc., also apply to bus trips.

Violation of the above rules will result in the loss of bus privileges.

SCHOOL NURSE

The school nurse is located in the Freshman Student Services Office. If at any time a student feels ill,

he/she may request permission from the teacher to go to the nurse. If a student is injured in class or between periods, he/she should report to the school nurse immediately. Except in emergency cases, a student must have a pass to go to the nurse. **In order for a student to leave the building due to sickness, it is required that they be assessed by the School Nurse.**

SCHOOL SEARCHES

For the reasons of health, safety and to maintain order and security in the school, school authorities may inspect and search places and areas such as lockers, desks, parking lots and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students without notice to or the consent of the student. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches including searches conducted through the use of specially trained dogs.

SPECIAL SERVICES

Specific special services are available to identified students. These services are structured to promote the success of students. Certain criteria must be met to be eligible for services that include, but are not limited to, Special Education, 504 Accommodations, Homeless Liaison, Homebound/Hospitalization, ELL/ESL Students should contact their counselor for specific information concerning services.

The district provides a full continuum of special education services to meet the needs of students. If a student is suspect of needing special education services, the school district is responsible for processing requests and determining what action should be taken and initiating the necessary procedures. If a parent feels their child should be evaluated for special education services, the school counselor should be contacted at 815-937-3707 Ext 6040. BBCHS District #307 does not discriminate on the basis of age, color, race, national origin, religion or disability.

The district will adhere to the following procedures with regards to notification of IEP meetings, dissemination of related draft IEP materials, and related service logs. Parents/guardians will be notified of the scheduled time, date and purpose of IEP meetings held for their child at least 10 calendar days in advance, which can be waived by agreement. At least 3 school days prior to IEP meetings, parents/guardians will be provided with copies of all written material that will be discussed at the meeting, except for materials related to placement and related services. The documents will be provided to parents electronically. Parents/guardians will also be provided with copies of the related service logs upon request. Parents/guardians will be included as part of the collaborative team that determines RtI (response to intervention) supports and services.

STUDENT INSURANCE

A limited coverage insurance policy is offered to the student when they register for school in the fall. Students are not required to purchase insurance. Athletes, cheerleaders and band members may sign an insurance waiver form waiving their need for school insurance. If a student has insurance and is injured while under school supervision, an accident report form must be completed immediately, whether or not medical attention is necessary. Should the accident occur in class or while under the direct supervision of a teacher, the student should report to the teacher who will assist in the completion of the accident report. If the accident occurs between classes or to and from school, the incident must be reported immediately to the Nurse's Office.

STUDENT LOCKERS

All students must use the lockers assigned to them. A built-in lock is provided, and the combination is

available only to the student(s) in whose name(s) the locker is assigned. If for any reason the locker cannot be used, the following should be reported to the Student Support Office, including the name of student, locker number, and problem involved. The locker should be locked at all times and the combination should not be shared with others. The school cannot assume responsibility for lost articles.

Lockers are school property and may be searched by school officials, with or without the student's permission, when those officials have reason to believe illegal or dangerous materials may be hidden in a locker. Locks not issued by the school will be removed. Students who move into an unassigned locker or allow unassigned students to move into their locker will face disciplinary action. No one is to write on the lockers or in the lockers. Lockers may not contain any inappropriate materials (i.e. obscene pictures and/or references to drugs and alcohol). Defacing of lockers by students will result in disciplinary action and/or fine.

STUDENT WORK PERMITS

Illinois law requires that most youthful employees hold work certificates before they are employed. A parent must accompany a child under the age of 16 before a permit can be issued. Work permits may be obtained from the Main Office before or after school.

TELEPHONE

The office telephones are for business purposes only and are not to be used for personal calls. Students are not called to the telephone, but in case of important messages, the office will contact the students. In case of emergency, students may use an office phone or their own with the permission of Student Support Office personnel.

Students are not permitted to leave school after zero hour without permission. **Students who do NOT regularly attend Zero Hour may be placed in a class during the regular school day. Transportation to Zero Hour is the student's responsibility.**

ACADEMIC INFORMATION

GRADUATION REQUIREMENTS

In order for a student to receive a high school diploma, a student must have satisfactorily completed the requirements of BBCHS District 307 and State of Illinois for a diploma. The chart below shows the required courses for graduation from Bradley-Bourbonnais Community High School in accordance with the Illinois School Code and the BBCHS Board of Education District #307. Graduates of BBCHS are required to have earned a total of 21 credits. Students attending the Kankakee Area Career Center are required to earn an additional .5 credits per semester enrolled. **In addition to the chart shown, all students are required to be enrolled in Economics and Health. Successful completion of Civics satisfies the Federal and State Constitution requirement.**

MATH		ENGLISH		SCIENCE		SOCIAL SCIENCE		ELECTIVES	PHYSICAL EDUCATION

ALL STUDENTS ARE ALSO REQUIRED TO TAKE ECONOMICS (FULFILLS CONSUMER EDUCATION REQUIREMENT) AND BE ENROLLED IN A HEALTH CLASS.									

Requirements for a diploma are as follows:

Most courses at BBCHS receive 1/2 credit for each semester satisfactorily completed. A total of 21 credits is the minimum number a student must satisfactorily complete to qualify for a high school diploma and be eligible to participate in the graduation program at BBCHS. **Any student planning**

to complete these requirements prior to eight semesters and DESIRING an early release from BBCHS must complete the proper forms and meet required deadlines during the year prior to the date of early release. These forms are available from the counselor. As a requirement for graduation, BBCHS students attending the Kankakee Area Career Center shall be required to complete an additional one-half credit for each semester successfully completed. Any student successfully completing a full year at the Career Center would need twenty-two credits to graduate; a student successfully completing two full years at the Career Center would need 23 credits to graduate. This reflects the additional credits given by the career center resulting from additional class time. All other course requirements remain the same as for any student not attending the career center. Students enrolled in the Resource Program can utilize resource as a replacement credit. This will be determined at the student's annual review. The minimum school day for a full time student includes six classes. All students will be required to take a minimum of 6 classes per school day. Only students enrolled in 7 classes may withdraw from a course. Students who withdraw from a course after the 7th week will receive an F for the course. A fifth year senior may return part-time to complete those classes needed to complete graduation requirements.

All graduates are required by law to have had adequate instruction in American patriotism and representative government, proper use and display of the American flag, honesty, justice, moral courage, humane education, safety education, the nature and effects of alcoholic drinks and other narcotics, the atrocities during the Holocaust period, the Illinois Vehicle Code, conservation, consumer education, and others mandated in Section 27 of the Illinois School Code.. A student may meet the consumer education requirement through completing the Economics course.

Credits towards high school diploma may be accumulated in the following ways:

1. Regular High School Credit-Enrollment at BBCHS and satisfactorily completing required and elective classes.
2. Transfer Credits-Transferring into BBCHS from an approved and accredited high school or alternative school either in state or out of state. The number of credits transferred will be dependent upon those courses being similar to or the same as those offered at BBCHS. Transfer credits will be weighted if an equivalent course is taught at BBCHS. **Seven credits may be transferred each school year.** BBCHS students may apply for external study toward the completion of their graduation requirements. These credits may come from 1) an accredited institution including internet based courses, 2) summer school at another high school. Students must obtain prior written approval to receive external credit(s). Students should see their counselor for an External Credit Form.
3. Summer School at an accredited program can be transferred. Counselors must approve summer school courses taken for high school credit in advance. In order to be considered a summer school course, the course must be taken outside of the regular school year and be completed prior to the start of the next school year.
4. A maximum of two and a half recovery credits may be taken to meet graduation requirements. This option is limited to students who are enrolled in a minimum six classes during both semesters of the academic year or are in danger of not graduating. Grades earned by students enrolled in recovery courses will be included in the grade point average. If a student is enrolled in a recovery course, it is the student's responsibility to have all transcripts and course work completed before the end of the academic year. Transcripts are submitted to the Student Support Office. Final transcripts for seniors are due by the seniors' last day of attendance. Courses NOT receiving prior approval will not be

counted as part of the eligible credits for graduation.

5. Dual Credits are available to students who wish to pursue college studies during high school. Generally, a three to five hour college course will be equated as a half unit of credit in high school. Counselors must approve the courses in advance. Courses taken at a college or university must be taken as a sixth or seventh class (in addition to P.E.). Students enrolled in such classes may choose to take them for college credit or high school and college credit. Students are advised to check with colleges they are considering as policies on dual credit and transferability may vary between institutions.
6. Home School Policy – Grade placement and academic credits earned at a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Illinois State Board of Education, or if outside Illinois, the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the district will be assigned to a grade level according to academic proficiency and/or have academic credits recognized by the district if the student demonstrates appropriate academic proficiency to the school administration.
7. Advancement credits may be taken to meet graduation requirements through an approved accredited institution.
8. Any and/or all portions of the above policy, except that portion covered by the state mandate, are subject to review, revision, and/or exception by the Board of Education of District 307 and/or its designees, the Superintendent and Principal of BBCHS.

All other credits from courses not receiving prior approval earned during the summer or from continuing education classes will be considered for enrichment only and will not be counted as part of the eligible credits for graduation. No senior may participate in the commencement activities unless he/she has completed a sufficient number of credits to graduate at the time of the commencement. A student who completes the requirements for graduation following the date of any given commencement will be awarded a diploma dated as of the date the student satisfactorily completes the requirements. Students above the age of 18 and not in attendance at BBCHS may continue their education through continuing education or summer school classes and working toward a high school diploma. The counselor must approve all course work in advance.

INCOMPLETES AND FAILURES

When a student has not completed the assigned work in a subject, they should contact the teacher of that subject and make plans at once to make up the work that was missed. Incomplete grades will become failing grades if they are not resolved by March 1 for first semester and September 1 of the following year for second semester. It is the responsibility of the student to ask the teacher for make-up work following any absence.

Students who fail a required course must recover the credit. If the course is not required for graduation another course may be taken in its place to make up the credit. If a student fails an entire year of English and chooses to not make up the course work during the summer sessions, the student will repeat both semesters the following year and will not move on to the next level. If a student fails a single semester of English and chooses to not make up the course work during the summer sessions, the student will be allowed to “double-up” during the following year to make up the credits.

A progress report will be mailed home to parents for those who are receiving a D, F, or incomplete for the semester. Progress will be checked at six week intervals during the semester. If the student fails in two or more courses, the parents are requested to make arrangements with the school for a conference

which will include the student, the teacher, the counselor, and the parents.

KANKAKEE AREA CAREER CENTER

Students attending the Kankakee Area Career Center must attend the center for the full year. Drops are not allowed at the semester. Attendance at the center takes priority over any activities, assemblies, early dismissals, etc. unless excused by the Student Support Office.

LATE ENROLLMENT

A student who enrolls in the high school more than 15 days after the beginning of the semester must provide current school records, including course schedule and grades in progress. If the student is unable to get records from the sending school, the district will contact such school to verify attendance and grades. Students transferring from another Illinois public school must have the Illinois State Board of Education student transfer form. A student who fails to produce this form will not be enrolled. Students who fraudulently use this form to enter Bradley-Bourbonnais Community High School will be dropped immediately. Students who have not attended any school since the beginning of the current school year may be required to enroll in an alternative educational program or wait until the start of a new semester. Transfer students who have failed or are failing one-half or more of their courses may be recommended for enrollment in an alternative education program or to wait until the start of a new semester.

PHYSICAL EDUCATION EXEMPTION

A student may apply through the Counseling Office for an exemption from physical education in order to take an additional class. Juniors and seniors are eligible for physical education exemptions provided they meet one of the following criteria:

- A. A senior needing to add a class required for college entrance. Students must be able to document that a particular course is necessary for entrance into college and that there is no other way it could be worked into the student's schedule.
- B. A junior or senior participating in IHSA interscholastic athletics or marching band with a past history of participation in those activities. In the event the student chooses not to participate or is removed from the stated activity which allowed the exemption, that student will be reassigned to Zero Hour physical education class, or have the option of dropping a 6th class.
- C. The student is excused from physical education by a doctor.

REPORT CARDS

Report cards will be distributed at the conclusion of each semester.

RESTRICTIONS ON RE-ENROLLING DROPOUTS

Re-enrollment shall be denied to individuals over the age of 17 who have dropped out of school and who could not earn sufficient credits during the normal school year(s) to graduate before his or her 21st birthday. A person denied re-enrollment will be provided counseling and be directed to alternative educational programs, including adult education programs that lead to graduation or receipt of a GED diploma.

SCHEDULE CHANGES

The master schedule for BBCHS is developed based upon student requests. Students are expected to work with counselors and parents during the registration period to select appropriate courses for the following school year. Once the initial registration process is complete in the spring, the courses selected will be considered as the final schedule for the following year. Schedule changes after selections are completed will be made only for the following reason:

- Appropriate level changes
- To fulfill graduation requirements
- Schedule in a course in which prerequisites have not been met
- Completed a course in summer school or credit recovery
- Need to repeat a previously failed course

Changing sections of a class in order to enroll in another teacher's section will not be permitted. Changes to a student's elective course will not be permitted after May 31. Changes to or dropping from Advanced Placement Courses (Graduation Requirements or Electives) will not be permitted until the student engages in a problem solving process involving their counselor, parent/guardian, and teacher(s).

TRANSFERRING OR WITHDRAWING FROM SCHOOL

A parent transferring a student is requested to sign a consent form to release records to the receiving district. A student planning to withdraw from school should present a signed note from the parent indicating the reason for withdrawal and consent. Parent and student are encouraged to meet with the counselor to discuss options before withdrawal is completed. Students withdrawing or transferring must obtain a withdrawal sheet from the Student Support Office and clear any outstanding obligations with the counselor, teachers, and school offices. If a student withdraws from school at any time during a semester for attendance related reasons (parent withdrawal, lack of interest, nonattendance), the student will not be allowed to re-enter until the following semester.

Prior to the student attempting multiple extracurricular activities, it is paramount that the student and the sponsor/coach agree on the reliability, dependability and needed commitment to succeed in these multiple extra-curricular activities. In the event that a student is involved in more than one school sponsored activity/sport during the same season, the performance/competitive event will take precedence over the practice. When the student is faced with a conflict between two performance/competitive events, the student/athlete will make the choice. No disciplinary action will be administered by the sponsor/coach to the student that is involved in these school-sponsored activities. It is understood that communication between the student and the sponsor/coach is made well in advance of any potential conflicts.

OUT OF SEASON CONDITIONING PROGRAMS

1. An individual who is a member of a team and quits will have to wait a period of thirty (30) days before being allowed to participate in any out of season conditioning programs.
2. There will be no restrictions for off-season conditioning (open gym, hallway usage, and use of other facilities) for Sophomore, Junior, and Senior athletes.

TRANSPORTATION

Students who leave the school and travel with a coach as supervisor should return to the school by the same mode of transportation unless released to the student's own parents. Those athletes are to sign a form provided by the athletic office indicating to the coach that their parents are taking them home. Under no circumstances may an athlete be released to other adults or students unless arrangements are made in-person with the student's parents beforehand and approved through the athletic office. This practice, however, should be limited strictly to a special family need or emergency.

TRYOUT/CUT POLICY

1. Student athletes may be cut from all levels of competition
2. Coaches or advisors may determine squads based on the following criteria:
 - a. appropriate in skill for the level of competition
 - b. ability to adhere to the principles of team play and work ethic
 - c. proper attitude of individuals
 - d. work habits and loyalty to the program

- e. classroom work

SERVICES AND FACILITIES

ACCEPTABLE USE POLICY

Definition

The term “technology” shall include all computer and audiovisual hardware and software owned or operated by the District, District websites, District online services, and electronic information systems. “Use” of District technology shall include use of or obtaining access to the system from any electronic device and/or computer terminal, whether or not owned or operated by the District.

Purpose

Technology at Bradley-Bourbonnais Community High School is a tool to enhance learning experiences. Through the effective use of technology, users broaden their global horizons and discover a vast scope of information and learning resources. Integrating technology into the curriculum affords students the best possible opportunities to develop the 21st Century skills required by changing business and educational communities. Our goal in providing technologies is to promote a comprehensive education in a well-equipped environment as indicated in the District Mission Statement. This policy is intended to support educational excellence by facilitating resource sharing, innovation, and communication.

Authority and Responsibility

With access to technology and to people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. On a dynamic global network it is impossible to control access to all materials or to predict what materials might be appropriate for specific school assignments. Bradley-Bourbonnais Community High School will take the reasonable precautions necessary to restrict access to controversial materials, but users ultimately are responsible for choosing the information to be accessed.

Student Responsibility for the Chromebook

Students are solely responsible for the Chromebooks issued to them and must adhere to the following:

- Students must comply with the District’s Use of Technology Policy (6:235) and Chromebook Policies and Procedures Handbook when using their Chromebooks.
- Students must bring their Chromebooks to school every day and make sure it is fully charged. Failure to do so may result in disciplinary action. (Note: a fully charged BBCHS Chromebook should last at least 8 hours.)
- Students must treat their device with care and never leave it in an unsecured location.
- Students must keep their device in a protective case or backpack when traveling.
- Students must promptly report any problems with their Chromebook to the Technology Department (W208).
- Students may not remove or interfere with the serial number and other identification tags.
- Students may not attempt to remove or change the physical structure of the Chromebook, including the keys, screen cover, or plastic casing.
- Students may not attempt to install or run any operating system on the Chromebook other than the ChromeOS operating system supported by the district.
- Students must keep their device clean and must not touch the screen with anything (e.g., your finger, pen, pencil etc.) other than approved computer screen cleaners.

Expectations

District students are expected to act in a responsible, ethical and legal manner in accordance with Federal and State law, District policy, and the District Technology Acceptable Use Policy (AUP). Specifically, students who use technology will:

- Have no expectation of privacy.
- Be responsible at all times for the proper use of their access privileges and for avoiding impersonations, anonymity, or unauthorized sharing of security measures or other confidential information.
- Take responsibility for any activities using technology that is borrowed by them or under their account or password.
- Maintain the integrity of technological resources from potentially damaging messages, physical abuse, or viruses.
- Respect the rights of others to use equipment and therefore not use it for non-school activities during the school day.
- Protect the privacy of other users and the integrity of the system by avoiding misuses of passwords, others' files, equipment and programs.
- Use appropriate language.

Specifically, students who use technology will not:

- Use technology for illegal activities.
- Access, submit, post, publish, display or create any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially/religiously offensive, harassing, illegal or other material unsuitable in the educational setting or unrelated to the District's educational program.
- Create and/or propagate unsolicited advertising, political lobbying, chain letters, pyramid schemes, computer worms, viruses, or other acts of vandalism. Vandalism includes any attempt to harm or destroy data of another user, the Internet, the District's Network or any other network. This includes, but is not limited to, uploading, downloading, creation or knowing transmission of computer viruses. If a user is uncertain whether his or her conduct is permissible, he or she should contact the Technology Department.
- Use the network to transmit material likely to be offensive or objectionable to recipients.
- Impersonate another user, or use anonymity or pseudonyms to obscure identification.
- Use the network for personal business or personal financial gain.
- Post personal contact information about oneself, a student or staff member, or otherwise invade the privacy of individuals or violating the Illinois School Student Records Act or Federal Right to Privacy Act.
- Use the account or password of another user.
- Trespass in others' folders, work, or files, or gain unauthorized access to resources or entities.
- Quote personal communications in a public forum without the original author's prior consent.
- Represent personal views as those of the District or those that could be interpreted as such.
- Load or use unauthorized games, programs, files, or other electronic media.

- Violate copyright laws. See http://www.educationworld.com/a_curr/curr280.shtml for an overview of copyright law pertaining to education.
- Damage technology, hardware and/ or software.
- Attempt and/or breach security measures or remove hardware/software, networks, information, or communication devices from the District network.
- Use District technology while privileges have been suspended.

These guidelines are not meant to encompass all issues. Other behavior considered to be inappropriate will be judged by the school on a case-by-case basis.

Disciplinary Actions

Failure to comply with this policy and any administrative regulations and guidelines governing the use of technology will result in disciplinary action by staff, administration, and/or the Board of Education.

No Expectation of Privacy

Users must recognize that there is no assurance of confidentiality with respect to access to transmissions and files by persons outside, or from persons inside, the District. Also, Bradley-Bourbonnais Community High School reserves the right to log technology use, to monitor file server space utilization by users and to examine users' files and materials as needed; therefore, users cannot expect absolute privacy from District personnel as to their use of technology.

FOOD ALLERGY GUIDELINES FOR PARENTS

Parents are asked to assist the school in the prevention, care and management of their student's food allergies and reactions. Additionally, parents are encouraged to foster independence on the part of their students based on his/her developmental level. To achieve this goal, parents are asked to inform the district nurse on the health form and by telephone (815-937-3707 ext. 6019) of your student's allergies prior to the first day of school or immediately after a diagnosis. In addition, parents need to provide the following: a written diagnosis from student's physician, medication orders from the licensed provider, up-to-date EpiPens and other necessary medications such as Benadryl and annual updates on your student's allergy status.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 15 days of the day the District receives a request for access.

A parent/guardian or eligible student should submit to the Records Custodian, Principal, or other appropriate official, written requests that identify the records (s) they wish to inspect. The District official will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected. If the District official to whom the request was submitted does not maintain the records, that official shall advise the parent/guardian or eligible student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate or misleading. A parent/guardian or eligible student may ask the District to amend a record that they believe is inaccurate or misleading. They should write the District official responsible for the record, clearly identify the part of the record they want change, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise the parent/guardian or eligible student of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally non-identifiable information contained in the parent/guardian or eligible student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District in an administrative supervisory, academic, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the District has contacted such as an attorney, auditor, or collection agent); or a person serving on the Board of Education.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities. Upon request, the District discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Temporary records on all students will be destroyed five years after their senior class has graduated.

A request for a hearing, citing the specific entry or entries to be challenged and the basis for the challenge, should be submitted in writing to the chief administrator of the attendance center. (Forms for doing so are available from the school.) An informal conference will be held within 15 school days after the challenge notification has been submitted.
- If the challenge cannot be resolved in this conference, a hearing officer will be appointed and a hearing held within 15 days of the informal conference. 8. Observe good housekeeping practices. Work areas should be kept clean and tidy at all times. Bring only your laboratory instructions, worksheets, and/or reports to the work area. Other materials (books, purses, backpacks, etc.) should be stored in the classroom area.
9. Keep aisles clear. Push your chair under the desk when not in use.
10. Know the locations and operating procedures of all safety equipment including the first aid kit, eyewash station, safety shower, fire extinguisher, and fire blanket. Know where the fire alarm and the exits are located.
11. Always work in a well-ventilated area Use the fume hood when working with volatile substances or poisonous vapors. Never place your head into the fume hood.
12. Be alert and proceed with caution at all times in the laboratory. Notify the instructor immediately of any unsafe conditions you observe.
13. Dispose of all chemical waste properly. Never mix chemicals in sink drains. Sinks are to be used only for water and those solutions designated by the instructor. Solid chemicals, metals, matches, filter paper, and all other insoluble materials are to be disposed of in the proper waste containers, not in the sink. Check the label of all waste containers twice before adding your chemical waste to the container.
14. Labels and equipment instructions must be read carefully before use. Set up and use the prescribed apparatus as directed in the laboratory instructions or by your instructor.
15. Keep hands away from face, eyes, mouth and body while using chemicals or preserved specimens. Wash your hands with soap and water after performing all experiments. Clean (with detergent), rinse, and wipe dry all work surfaces (including the sink) and apparatus at the end of the experiment. Return all equipment clean and in working order to the proper storage area.
16. Experiments must be personally monitored at all times. You will be assigned a laboratory station at which to work. Do not wander around the room, distract other students, or interfere with the laboratory experiments of others.
17. Students are never permitted in the science storage rooms or preparation areas unless given specific permission by their instructor.

18. Know what to do if there is a fire drill during a laboratory period; containers must be closed, gas valves turned off, fume hoods turned off, and any electrical equipment turned off.
19. Handle all living organisms used in a laboratory activity in a humane manner. Preserved biological materials are to be treated with respect and disposed of properly.
20. When using knives and other sharp instruments, always carry with tips and points pointing down and away. Always cut away from your body. Never try to catch falling sharp instruments. Grasp sharp instruments only by the handles.

CLOTHING

21. Any time chemicals, heat, or glassware are used, students will wear laboratory goggles. There will be no exceptions to this rule!
22. It is not recommended that contact lenses be worn in the laboratory as certain chemical fumes or small particulate may become lodged under the lens. Please be aware of the slight increase in the risk of eye damage for contact wearers as compared to students in similar situations without contact lenses. All students are required to wear goggles during procedures that involve the use of chemicals, dissection or projectiles.
23. Dress properly during a laboratory activity. Long hair, dangling jewelry, and loose or baggy clothing are a hazard in the laboratory. Long hair must be tied back and dangling jewelry and loose or baggy clothing must be secured. Shoes must completely cover the foot No sandals allowed.
24. Lab aprons have been provided for your use and should be worn during laboratory activities.

ACCIDENTS AND INJURIES

25. Report any accident (spill, breakage, etc.) or injury (cut, burn, etc.) to the instructor immediately, no matter how trivial it may appear.
26. If you or your lab partner are hurt, immediately yell out "Code one, Code one" to get the instructor's attention.
27. If a chemical should splash in your eye(s) or on your skin, immediately flush with running water from the eyewash station or safety shower for at least 20 minutes. Notify the instructor immediately.
28. When mercury thermometers are broken, mercury must not be touched. Notify the instructor immediately.

HANDLING CHEMICALS

29. All chemicals in the laboratory are to be considered dangerous. Do not touch, taste, or smell any chemicals unless specifically instructed to do so. The proper technique for smelling chemical fumes will be demonstrated to you.
30. Check the label on chemical bottles twice before removing any of the contents. Take only as much chemical as you need.
31. Never return unused chemicals to their original containers.
32. Never use mouth suction to fill a pipet. Use a rubber bulb or pipet pump.
33. When transferring reagents from one container to another, hold the containers away from your body.
34. Acids must be handled with extreme care. You will be shown the proper method for diluting strong acids. Always add acid to water, swirl or stir the solution and be careful of the heat produced, particularly with sulfuric acid.
35. Handle flammable hazardous liquids over a pan to contain spills. Never dispense flammable liquids

anywhere near an open flame or source of heat

36. Never remove chemicals or other materials from the laboratory area.
37. Take great care when transferring acids and other chemicals from one part of the laboratory to another. Hold them securely and walk carefully.

HANDLING GLASSWARE AND EQUIPMENT

38. Carry glass tubing, especially long pieces, in a vertical position to minimize the likelihood of breakage and injury.
39. Never handle broken glass with your bare hands. Use a brush and dustpan to clean up broken glass. Place broken or waste glassware in the designated glass disposal container.
40. Inserting and removing glass tubing from rubber stoppers can be dangerous. Always lubricate glassware (tubing, thistle tubes, thermometers, etc.) before attempting to insert it in a stopper. Always protect your hands with towels or cotton gloves when inserting glass tubing into, or removing it from, a rubber stopper. If a piece of glassware becomes "frozen" in a stopper, take it to your instructor for removal.
41. Fill wash bottles only with distilled water and use only as intended, e.g., rinsing glassware and equipment, or adding water to a container.
42. When removing an electrical plug from its socket, grasp the plug, not the electrical cord. Hands must be completely dry before touching an electrical switch, plug, or outlet.
43. Examine glassware before each use. Never use chipped or cracked glassware. Never use dirty glassware.
44. Report damaged electrical equipment immediately. Look for things such as frayed cords, exposed wires, and loose connections. Do not use damaged electrical equipment.
45. If you do not understand how to use a piece of equipment, ask the instructor for help.
46. Do not immerse hot glassware in cold water; it may shatter.

HEATING SUBSTANCES

47. Exercise extreme caution when using a gas burner. Be sure that hair, clothing and hands are a safe distance from the flame at all times. Do not put any substance into the flame unless specifically instructed to do so. Never reach over an exposed flame. Light gas (or alcohol) burners only as instructed by the teacher.
48. Never leave a lit burner unattended. Never leave anything that is being heated or is visibly reacting unattended. Always turn the burner or hot plate off when not in use.
49. You will be instructed in the proper method of heating and boiling liquids in test tubes. Do not point the open end of a test tube being heated at yourself or anyone else.
50. Heated metals and glass remain very hot for a long time. They should be set aside to cool and picked up with caution. Use tongs or heat-protective gloves if necessary.
51. Never look into a container that is being heated.
52. Do not place hot apparatus directly on the laboratory desk. Always use an insulating pad. Allow plenty of time for hot apparatus to cool before touching it.
53. When bending glass, allow time for the glass to cool before further handling. Hot and cold glass have the same visual appearance. Determine if an object is hot by bringing the back of your hand close to it prior to grasping it.
