Invest in a Brighter Future

Since the Foundation was formed in 1996, over **\$388,000** has been given in the form of scholarships and program grants to the academic classrooms.

THANK YOU FOR BEING PART OF THIS PROCESS.

The BBCHS Academic Foundation will continue to work hard to turn the generosity of its supporters into academic opportunities for the young people of Bradley-Bourbonnais Community High School.

Our vision at BBCHS is to guide students in defining and pursuing a successful path to college, career, and life readiness. Our unique culture, driven by the high percentage of staff members that have a strong bond to BBCHS, makes this vision a reality. Many of our staff members are alumni as well as current parents, former parents, or future parents, which creates a strong sense of community. Our teachers and staff go above and beyond the call of duty to support our students.

Our Portrait of a Graduate, the defining skills, values, and abilities that our students must possess to succeed in the 21st century, is supported by our extensive curricular offerings and extracurricular opportunities for students. We offer 19 Advanced Placement courses, field 32 athletic teams and support 24 extracurricular clubs. There is something for everyone at BBCHS. The Portrait of a Graduate embodies six skills we believe are necessary for students to be successful: Critical Thinking, Communication, Citizenship, Collaboration, Creativity, and Character. This defines our approach to teaching and learning – engaging students in programs and initiatives designed specifically to help them master all these skills allowing us to live our mission of Empowering Students on their Pathway to Success.

Now more than ever, BBCHS must not only provide for the acquisition of rigorous academic content, but it must also be more intentional about developing the skills and values needed to thrive in this complex and rapidly changing world.

Dr. Matt Vosberg, BBCHS Superintendent

THE **ACADEMIC FOUNDATION** FIFTH ANNUAL APPEAL

Woodruff family

Dr. Teresa Woodruff Mr. Mike Randazzo

Randazzo family

September 29, 2022 was a date to remember. The BBCHS Academic Foundation hosted its 18th Annual Dinner at the Kankakee Country Club where we had the honor of recognizing Dr. Teresa Woodruff with the 2022 Outstanding Achievement Award and Mr. Mike Randazzo as the 2022 Alumnus of the Year. Memorable speeches were given by Dr. Neal Woodruff, Teresa's brother, Mr. Dominic Randazzo, Mike's dad, as they introduced the inductees. The honorees spotlighted that night are really special to us as these individuals once walked the halls of BBCHS. It was amazing to hear from our Class of 1980 & 1981 alums and see how they have grown and have been successful in the world after high school.

Please contact Laurie at lblake@bbchs.org to nominate a BBCHS alumni for consideration for future recognition.

The BBCHS Academic Foundation was founded in 1992. Don and Dixie Turner were educators in the Kankakee area for over 30 years. Upon their passing they left a sizable donation to the Academic Foundation for the educational quality and opportunities for the BBCHS community. Since inception many generous donors have chosen to fund additional scholarships and make annual donations. The Foundation is actively seeking Directors. *Are you interested?* Directors serve a 3-year term beginning July 1 of the year elected. Six meetings are held annually at BBCHS on the third Wednesday of the month beginning at 5:00 pm.

Please contact Laurie at lblake@bbchs.org to learn more about becoming a BBCHS Academic Foundation director. A team focused on improving the lives of BBCHS students and staff.
